

# Who We Are

Since 1949, the American Osteopathic Foundation has supported research, programs, and services that promote osteopathic medicine and enhance patient-centered care.

As a leading, nationally-serving osteopathic foundation, the Foundation supports the entire profession covering all geographies, specialties, and career stages.

Guided by our deep knowledge of the profession, we lead, fund, convene, and collaborate to address the needs of the osteopathic community and we're proud to be its heart.

## LGBTQ+ Equity and Inclusion Campaign

Envisioning a world without discrimination based on sexual orientation or gender identity.

A world where health disparities do not exist.

## LGBTQ+ Equity and Inclusion Campaign

---

There has never been a more critical time to support the elimination of health care disparities experienced by the LGBTQ+ community.

As a part of this campaign, the American Osteopathic Foundation established the LGBTQ+ Equity and Inclusion Fund to better understand and to address the healthcare needs of the LGBTQ+ community.

To create lasting, systemic change, a three-pronged platform has been developed by the AOF that will empower, encourage, and inspire those within the osteopathic community.

”

**We want to empower, encourage, and inspire those within the osteopathic community to better understand and care for their LGBTQ+ patients and families.**

- Jeffrey Grove, DO

“

## We will empower, encourage, and inspire LGBTQ+ students.

---

Your gift to this fund will provide renewable, annual **scholarships** to LGBTQ+ students of osteopathic medicine.

## We will address specific healthcare needs of the LGBTQ+ community

---

Your donation to this fund will help address the complex needs of the LGBTQ+ community, and those that serve the LGBTQ+ community, through **CME training and continuing education**.

## We will build future leaders through Fellowship Programs

---

Donors to this fund will encourage leaders in the field of LGBTQ+ health by providing a **Fellowship program** for physicians who aspire to become experts in the field, creating national expert advocates, researchers, teachers, and trainers for this generation and those to come.

## Become an Ally

---

We need champions to help us eliminate LGBTQ+ health disparities and improve the overall health of LGBTQ patients across the United States.

You can make your gift online at [www.aof.org/donate](http://www.aof.org/donate) or mail a check made payable to the American Osteopathic Foundation to:  
142 East Ontario Street, Suite 1450  
Chicago, IL 60611
